Francianne da Silva Cordeiro
Giselle Torres Feitosa
Carlos Alberto Monteiro Falcão

40. **Influence of surface grooves orientation on the cyclic fatigue resistance of NiTi wire**

Helio Pereira Lopes
Carlos Nelson Elias
Ligia Martins Ferreira
Leticia Chaves de Souza
Weber Schmidt Pereira Lopes
Emmanuel João Nogueira Leal Silva
Victor Talarico Leal Vieira

46. **Technical aspects of endodontic treatments performed by PMESP dentists: evaluation by means of a questionnaire**

Cesar Augusto Perini Rosas
Carlos Eduardo da Silveira Bueno
Alexandre Sigrist de Martins
Marcelo Juliano Moretto
Carlos Eduardo Fontana

54. Influence of different root canal obturation materials in CBCT imaging: an in vitro evaluation

Fernanda Cristina Sales Salineiro
Solange Kobayashi Velasco
Fabiana Mesquita Barros
Leda Maria Pescinini Salzedas
Marcelo Augusto Oliveira Sales
Marcelo Gusmão Paraiso Cavalcanti

63. Cyclic and torsional fatigue resistance of four rotary NiTi instruments with similar cross-sectional design and different thermal treatments

Michel Espinosa Klymus
Murilo Priori Alcalde
Rodrigo Ricci Vivan
Bruno Carvalho de Vasconcelos
Marcus Vinícius Reis Só
Marco Antonio Hungaro Duarte

72. Influence of needle and irrigation flow rate on root canal cleaning and apical extrusion of irrigant: Micro-CT analysis

Fernanda Ferrari Esteves Torres
Juliane Maria Guerreiro-Tanomaru
Luna do Val Oliveira
Gisselle Moraima Chavez-Andrade
Mario Tanomaru-Filho

78. Foraminal enlargement: Local and systemic repercussions

Ricardo Machado
Daniel Comparin
Leticia Aguiar
Carlos Henrique Ferrari
Lucas da Fonseca Roberti Garcia

84. Histopathological evaluation of the influence of root canal obturation in the repair of apical periodontitis in animals: a systematic review

Marcos Vinicius Cook
Alena Ribeiro Alves Peixoto Medrado
Ronaldo Araújo Souza

92. Effect of low intensity laser supporting bone repair on a tooth with root perforation and periradicular lesion: case report and 12 years follow-up

José Cláudio Faria Amorim
Oteir Ramos-Filho
Guilherme Augusto Alves de Oliveira
